**PROJECT: ΚΙΒΩΤΟΣ ΤΟΥ ΚΟΣΜΟΥ
(ARK OF THE WORLD)**

Father Antonios Papanikolaou

“Out of my window, *St George Church, location Athens(Kolonos) 1998,* I could see young children, abandoned, involved with drugs and misery. I started wondering how I could help them. At first, it was a group of teenagers. I approached them and asked them to play basketball. Now (2018), over 500 children of all ages come to the Ark”. “Our door will always be open for them”.

Despite difficulties and adversities, Father Antonios has never lost his optimism and hope, nor his dedication to his goal, and has always found ways to help as many children as possible!

“For me, the Ark is God’s plan which pre-existed... God has blessed this task and we go on with His help”.

“Love devises ways and knows no borders or terms”.
